**A VISIT TO THE OCEAN CENTRE**

*by Rebecca Hardy, aged 13*

My family and I went to the Ocean Centre in my home town recently. It was one of the most amazing places I've ever been. We don't live near the sea, so I don't get much chance to see living sea creatures for myself.

Inside the Centre you go on what they call an ocean journey. It takes you from the smallest stream, through rivers, and out into the deepest ocean. Along the way you meet fish and other creatures that live in these places. And there are thousands of them - some pretty and peaceful, and others frightening and deadly.

Our guide told us that the Centre was originally set up to help look after the seas and protect the life within them. In fact, every entry ticket bought there helps the Centre to achieve this aim, so I felt my visit was in a good cause.

By chance, we arrived just at feeding time and watched staff give food to hundreds of fish. I wanted to do it too, but the staff wouldn't let me. But I'd still really recommend being there at feeding time. You'll see feeding times advertised at the ticket desk, or you can telephone in advance to find out when they are.

The most fascinating part of the visit for me was a new exhibition at the Centre that told the story of seahorses across the world. It has the biggest collection of these magical creatures in Europe, and almost as many as one in the USA. I found out about what they ate, and how a male seahorse managed to give birth to 1500 babies! And although our guide told us it was hard to see the young ones, we were lucky enough to catch sight of some in the tank!

We also went to one of the Centre's talks about the underwater world. Ours was called 'Sharks', and the one on the following day was called 'Creatures of the Deep'. There are talks on other topics given on different days, so it's best to check which talk will take place on the day you go.

Once we'd bought our ticket, we could go in and out of the Centre as many times as we liked during the day. You can also buy an annual pass that gives you unlimited entry all year round. I'm saving up for one!

**SKATEBOARDING**

*by Rachel Martin, aged 11*

I've practiced skateboarding for 18 months now, and I was the youngest person in a street skateboarding competition last year. I spend my free time at my town's new skatepark- I rarely stay at home and watch TV.

Before the new skatepark was built this year, the nearest skatepark was in a town 10 km away. Some of my older friends went there, but my mum wouldn't let me go because I wasn't old enough. The only place to skate was on the pavements, but then I fell and injured my arm.

I wasn't popular with pedestrians either, so I stopped! Nowadays, though, I can use the new skatepark in the evenings- it's got huge lights, so you can use it even at night. We've got a skatepark at our school now, too. It keeps us fit! The school skatepark is dangerous for smaller children like my little brother, though, as the teenage students also use their rollerskates or ride their BMX bikes there. I guess they prefer it because the skatepark in town is pretty busy.

I've always found schoolwork easy, but skateboarding is hard! My favourite trick is jumping over boxes. Doing things like that really makes you concentrate, which is a challenge, but it's something I really enjoy. My older sister works as a skateboard instructor, so one day I'd like to be like her. It's unusual for girls to skate around here, so although I love it, it's a bit lonely. I'd like more girls to join in!
