

KINAH'S FAVOURITE ANIMAL

Underlined the correct answers. (Page 87)

Malayan tigers live in (forests, rivers, sea) in Malaysia and parts of (Brunei, Singapore, Thailand). They are orange with (pink, yellow, black) stripes. Malayan tigers are smaller than many other tigers, but they are very (weak, tall, strong).

Malayan tigers are very good hunters. They hunt and eat (small, large, cute) animals like monkeys, deer or goats. They can even eat small (worm, elephants, panda).

Malayan tigers like to (swim, eat, crawl) and play in rivers and lakes. I like Malayan tigers because they are very strong and (fierce, weak, beautiful) animals.
