1. Mark the tick ☒ if the sentence is correct or a cross ☐ if it's incorrect.

Animal Survival

Watching Seals!

Let's watch Mum and Dad. They're making a programme about wildlife.

1 Oh, yes! I love learning about animals.

Monk seals like sleeping in the sun on the beach. They are wild animals, so we mustn't go near them!

3 Monk seals also like spending a lot of time in the water. They love swimming in the warm waters of Hawaii!

2 Hello! On today's programme we're looking at monk seals.

Monk seals live here in Hawaii, but there aren't many of them anymore.

4

5 Monk seals are very good at catching fish. They like eating shrimps and crabs, too!

Well, that's all for now! Remember to look after our animals and keep them safe and happy!

Bye, everyone! See you next week!

6 Look at these plastic bags! Monk seals sometimes eat them. We mustn't throw rubbish on the beach or in the sea!

That was really cool! Your mum and dad are very good at making animal programmes!

7 Look at Chico! He likes learning about animals, too!

Monk seals ...

1 live in Hawaii.	☒	☐
2 can be pets.	☒	☐
3 like sleeping in the sun.	☒	☐
4 like swimming in cold water.	☒	☐
5 are good at catching shrimps and crabs.	☒	☐
6 never eat plastic bags.	☒	☐
