Following Computer Laboratory Rules

Tick the box that shows the correct computer laboratory practices. If not, just leave it blank.

☐

1. Mico came to the computer laboratory after recess. He was not yet done eating his snack. He placed his snack back in his lunch box before going inside the computer laboratory.

☐

2. Anna wanted to have a copy of her drawing so she can bring it home. She saved a copy of the file to her personal flash drive without telling the teacher.

☐

3. Andy's work area was full of books, papers, and drawing materials needed for art class. He placed several things on top of the keyboard to free up some space in his work area.

☐

4. Ramon ate french fries in the kitchen. He washed his hands before using his computer.

☐

5. Donna chatted with her friends online before going to bed. She turned the lights off while using the computer on her bed. This way, Donna would not have to stand up after chatting and turn the lights off again.
