What's your passion ?

Your passion

It's okay to be passionate with whatever you want to do. *Being passionate requires dedication, hard work, focus, and the willingness to fail over and over again. However, if you're ready to put in the work, then being a passionate person who knows what he wants can bring excitement, joy, and a sense of true purpose to your life.*

Based on the passage above identify the words in the box below based on their "part of speech".
