

Activity 1 Find all the insects in the picture. Say the names of the insects.

Activity 2 Choose all the bad insects. Why are they bad?

Grasshoppers eat vegetables

Bees make honey

Ladybugs eat pests

Mosquitoes bite us

Butterflies help flowers
produce seeds

Cockroaches carry disease

Dragonflies eat pests

Termites damage houses

Crickets are popular pets

Activity 4 Test your understanding of the story. Which insects should be killed and which shouldn't be killed? Draw lines to connect the picture
