

NAMA :

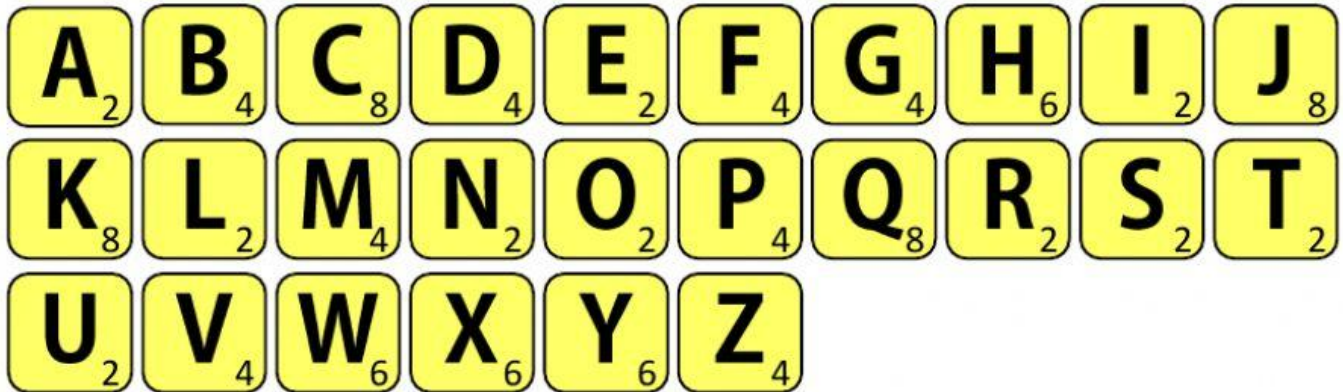

JOM SAHIBBA

KELAS :

4B

5B

6B

Kirakan mata perkataan yang tersusun

Contoh 1 :

C A R I

$$8 + 2 + 2 + 2 = 14$$

Contoh 2 :

S E L U A R

$$2 + 2 + 2 + 2 + 2 = 10$$

1. R A K

$$\square + \square + \square = \square$$

2. K A S U T

$$\square + \square + \square + \square + 2 = \square$$

3. H A B U K

$$\square + 2 + \square + \square + \square = \square$$

4. S E K O L A H

$$\square + 2 + \square + 2 + \square + 2 + \square = \square$$

5. R U M P A I

$$\square + \square + 4 + \square + \square + 2 = \square$$

6. L A L A I

$$\square + \square + \square + 2 + \square = \square$$

7. K O P I

$$\square + \square + \square + \square = \square$$

8. T A L I

$$\square + \square + \square + \square = \square$$

9. U S I R

$$\square + \square + \square + \square = \square$$

10. O M B A K

$$\square + \square + 4 + \square + \square = \square$$
