The Sydney Surfers say: Hi! We're the Sydney Surfers from Australia. Our names are Hannah, Scott and Scarlett. It's Health Week in our school at the moment, so this project is perfect for us.

Hannah – Do you know that more than half of Australian children go to school by car? I usually go by car, too, but today my friend and I are riding bikes. Other children in my class are riding scooters or walking to school, too. It's great to do exercise in the morning. It helps us to wake up!

Scott – I usually take biscuits to school for a snack, but this week I'm taking healthy snacks. In this photo I'm trying different vegetables. Delicious!

Scarlett – My friends and I usually sit in the corridor and chat at break time, but this week we're playing outside. There are ropes, balls and hoops in the playground. It's great fun!
