

Swimming Lessons

Sequencing means putting the events in a story in the order they happened.

Last summer I learned how to swim. First, the teacher told me to hold my breath. Then I learned to put my head under water. I practiced kicking my feet. While I held on to a float, I paddled around the pool. Next, I floated to my teacher with my arms straight out. Finally, I swam using both my arms and my legs. I did it! Swimming is fun! This summer, I want to learn to dive off the diving board.

Number the pictures in the order that they happened in the story.

Unscramble the letters to tell what the person in the story wants to do next.
