My favorite sport is _____. I live in Melbourne, and basketball is a very popular game in Australia.

Basketball is played between _____ teams. Each team has _____ players. Points are scored by throwing the ball into the basket fixed at each end of the court. At the end, the team with more points wins the game. It can be played indoors as well as outdoors.

Usually, this game requires very _____ players. Players should be fit, with strong arms and legs.

I am a good basketball player and enjoy playing this game very much. I am the captain of the basketball team at my school. I also play the game with my friends in the neighborhood.

I love the game so much that I would like to play it for my country when I grow up.
