

Read the information about four people's interests and hobbies.

Jack: I do a lot of exercise in a normal week! I go to soccer practice every Monday for an hour and we have a game most Sundays. The best time is when I can swim: two hours on Wednesday and two more on Friday. My friend Nick is not interested in any sport, so when we are together we listen to music or play the guitar. He has studied music since he was 6 years old, so he knows the instrument very well. I am interested in local rhythms, but he refuses to try them. He's only interest is Spanish flamenco, and his Idols are the Gypsy Kings.

Alan: I am not a big fan of team sports, but my uncle Bob says that exercise and sports are two different things. So instead of kicking a ball around in the park, I try a few new things. For example, I think the climbing wall is very exciting! I go alone when my family plays tennis. That's not my thing. My uncle and I go on our bikes around the lake, and that is his favorite activity, but we never swim, because the water is horribly cold.
