My name is Jack. think I have had a very interesting life. I'm 73 now and I don't work anymore. I was in the army for 51 year. I retired when I was 69. I live in a small town in Louisiana. I have lived here for the last 20 years. To be precise, I have lived here since 1995.

I have been to so many countries that I can't remember all of them. I've been to Australia six or seven times and to South Africa three times. I have also been once in Russia but I didn't like it at all: too much cold for me! I have never been to Scandinavian countries but I would like to. I haven't travelled since I visited my children last month.

They say that love is the greatest thing and I agree. I've been married four times but never for more than five years. I don't think women really understand me! I have been married four times but I haven't found my soul mate yet.

I've never been on television, but I've been on the radio once. It was a program about life in the military about twenty years ago. I met the Prime Minister on the same day. Actually, I've met a lot of famous people: members of the royal family, famous politicians and also famous cinema and television personalities. I've never met the American President though which is a pity.

Because I've travelled a lot, I've seen a lot of wonderful things and have also eaten and drunk some strange foods and drinks. I ate cat and rat in India and drank something called Mirto on a little island in Italy many years ago. That was the first time that I have ever eaten a cat and rat.

I have just eaten my special meal which my army friend has sent me. He has sent me this meal many times and I always send him back my special drink. This week I have repaired my old gun. It has rained a lot this week so I couldn't go to the post office to send it to my buddy.
