GRAMMAR: READING

My cousins and me

Where do you live? I live with my family in a flat in London.

Our flat has a big balcony with tomato plants. In summer, we eat a tomato salad every day!

In the morning, I walk to school with my brother and sister. Our school day starts at nine o'clock and we go home at half past three.

In our free time, we like riding our bikes and listening to music.

Have you got cousins? I've got two cousins in Germany. Their names are Greta and Lukas. They live in a small village in Bavaria.

Their house is made of wood and they've got a garden with apple trees. In autumn, they eat a lot of apple pie! They go to school by bus in the morning. Their school day starts at eight o'clock and they go home at half past one.

In their free time, they like horse riding and playing computer games.

TASK 1. ANSWER THE QUESTIONS.

1. Where does Daisy live? _____
2. What do Daisy's family eat in summer? _____
3. What time does Daiisy start school? _____
4. Where do Greta and Lukas live? _____
5. How do Greta and Lukas go to school? _____
