Question – 1 - Leia o texto abaixo e responda as questões a seguir.

Parts of Your Book

What is the beginning of a book called? What about the back of a book? Can you name at least six parts of a book?

As an author, you should have a firm grasp of what comprises a professionally made book.

Including all the necessary parts of a book and putting them in the right order is the first step to making your book credible. The inside of your book, which we call the book block, is divided into three main sections: the front matter, book block text, and back matter.

You must make sure that the manuscript you submit to us includes all three sections combined into a single document and in the correct format. To give you some help, we've broken down all the parts of your book.

- Escolha um livro de preferência da literatura estrangeira infanto-juvenil. (caso você tenha acesso a internet)se você não tem acesso a internet, escolha um outro que você já tenha lido e/ou que você goste.
