

## COMPLETE LA TABLA CON LOS ELEMENTOS DE CADA TERMINO ALGEBRAICO

| EXPRESIÓN ALGEBRAICA | COEFICIENTE | VARIABLE | EXPONENTE |
|----------------------|-------------|----------|-----------|
| $89cv^2$             |             |          |           |
| $-5m$                |             |          |           |
| $257t^4$             |             |          |           |
| $25p^2x$             |             |          |           |
| $-b$                 |             |          |           |
| $3d^5$               |             |          |           |
| $8x^b$               |             |          |           |
| $-12v$               |             |          |           |
