I really enjoyed this game. The aim is to build a city, but there are a lot of problems to solve along the way.

1 houses, hotels, roads and factories

can you build? 2 money and energy

do you need to build them? Players use money called 'megabucks'. You start with just 3

megabucks, so you must spend them carefully. It's difficult to build a city on your own, so 4

players work together. For example, if you have only got

5 energy, you can borrow or buy

6 electricity from a neighbour. But

selfish and greedy players don't make 7

friends. If they haven't got 8 money or energy, no one helps them and they can't finish their city.

So it's best to be friendly to the other players!
