

Environmental problems

Hope Works sent us a list of environmental problems but the pictures are mixed up.
Let's help them!

Match the numbers with the pictures.

1. **Factories** damage the environment.

2. **Cars** contaminate the air.

3. **Rubbish** pollutes the Earth.

4. Wasting **water** is dangerous for the planet.

5. **Plastic** can damage sea animals.

6. **Factories** dump waste into the sea.

7. People don't recycle **rubbish**.

8. **Water** is wasted when we don't close the tap.

9. **Cars** release gases which are toxic for humans.

10. There is a lot of **plastic** in the sea.

11. **Factories** produce a lot of waste.

12. **Plastic** is dangerous for fishes.

13. We waste **water** when we take long showers.

14. People use their **cars** to go everywhere.

15. People should separate **rubbish** into recycling bins.
