State the sources and forms of energy produced by filling in the blanks.

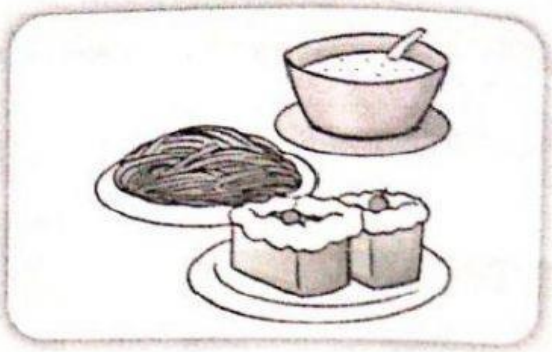

(a)

Source of energy: _____

Form of energy: _____

(b)

Source of energy: _____

Form of energy: _____

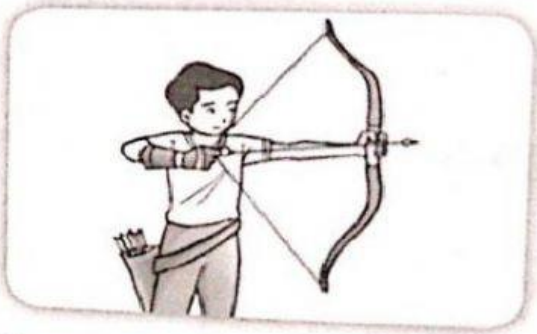

(c)

Source of energy: _____
in the torch

Form of energy: _____

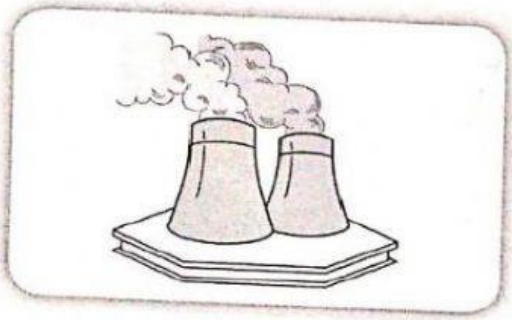

(d)

Source of energy: Object that is being _____

Form of energy: _____

(e)

Source of energy: _____

Form of energy: _____

(f)

Source of energy: _____
object

Form of energy: _____

stretched	Moving	Battery	Solar energy	Light energy	
Sun	Nuclear materials	Food	Chemical energy		
Nuclear energy	Kinetic energy	Potential energy
