b. _____ doesn't attend the university.
c. _____ and _____ would like to have more friends.
d. _____ doesn't like spending time with the other people on her course.
e. _____ would like to have more free time.

Marion I love visiting you two here at the campus. It's so full of life. Next time I come, I'll make sure I have more time on my hands.

Kay It's not that great here.

Marion Come on, Kay. There are loads of activities to do here and you have the opportunity to meet new people. I think life at university is fantastic!

Kay I do too, but only if you have time to spare... and money. University education doesn't come cheap, you know. Don't forget I got a part-time job to pay for my tuition fees and I still can't manage to make ends meet.

Helen Neither can I.

Marion I agree money is important. But still, you two are better off than I am. Attending university is something else! Don't get me wrong, my online business course is great. The subjects are really interesting, but I get a bit lonely from time to time.

Kay So do I. You see, when I have some extra money to spend, I don't have free time, so I don't go out that much.

Helen I don't either.

Marion Wait a minute, Helen. You have a scholarship and you don't work. So, what are you grumbling about?

Helen I don't have any friends to go out with. The other students on my psychology course are older than I am and we don't have much in common. Kay is the only close mate I have here.

Marion Wow, and I thought I was the unlucky one.

Helen Kay's not so bad...

Kay Hey, what are you two saying about me?

Helen Just kidding!
