

UNIDAD EDUCATIVA FISCAL TENIENTE HUGO ORTIZ
HUMANISTIC PROJECT #2 CARING MY HEALTH WITH A RESPONSIBLE CONSUMPTION
WEEK # 14 - AUGUST 10TH, 2021
9TH A-B MISS VIVIANA ALVARADO

NAME:

TOPIC: GIVING ADVICE ABOUT THE USAGE AND CONSUMPTION OF WATER APPLYING SHOULD OR SHOULDN'T

<p>“Water usage” describes the total amount of water withdrawn from its source to be used.</p>		<p>“Water consumption” is the portion of water used that is not returned to the original water source after being withdrawn.</p>
<p>Reduce Water Usage</p>		
<p>Turn it off: Turn off taps while brushing your teeth, soaping clothes and scrubbing vessels.</p> 	<p>Fix leaking tap: Fixing leaking taps doesn't take much, but it can save a significant amount of water.</p> 	<p>Take a bucket bath: Using a bucket instead of a shower to bathe can reduce your water consumption by 80%.</p> 
<p>Recycle water: Water treatment plants and rainwater harvesting systems can recycle water on a large scale – but to recycle water on your own, you can do simple things like using the water in which vegetables have been washed to water plants.</p> 	<p>Upgrade your equipment: Install faucet aerators, low-flow showerheads, and toilets with smaller flush tanks.</p> 	<p>Use energy-efficient technology: Energy star-rated dishwashers and washing machines use less water.</p> 

Water consumption

- Industry: 22%
- Agriculture: 70%
- Domestic: 8%

Watermark: www.123RF.com

Watch this video <https://www.youtube.com/watch?v=nTcFXJT0Fsc> and complete the following tasks

1 Filling gaps:

- a. Water is essential for our _____ without water all living beings would go _____
- b. We _____ all do our best to _____ water and _____ its _____

2. Match halves.

- | | |
|-----------------------------|-----------|
| 1. Salt water on earth | a. 0.025% |
| 2. Fresh water on earth | b. 97% |
| 3. Drinkable water on earth | c. 3% |

3. Read the facts and underline true or false

- | | | |
|--|------|-------|
| a. Contamination a human consumption makes percentages of drinkable water decreases every year | TRUE | FALSE |
| b. You save water using the toilet as a garbage bin | TRUE | FALSE |
| c. You should leave the faucet on when you are brushing your teeth | TRUE | FALSE |
| d. A dripping tap waste 8 gallons of water a day | TRUE | FALSE |

4. How to save water. Label the following pictures.

- | | |
|---|---------------------------------------|
| a. Harvest and store rainwater. | d. Run washing machine with full load |
| b. Don't use the toilet as a garbage bin. | e. Reuse the water |
| c. Turn off taps while washing your teeth | f. Don't take a bath, take a shower |

SHOULD AND SHOULDN'T: We use should and shouldn't to give advice or to talk about what we think is right or wrong. Examples: <https://youtu.be/OxO7YB-INS0>

You look tired .	You SHOULD go to bed	I have too much homework.	You SHOULDN'T watch TV.
