

Reading + Writting

My name's Sofia Pinto and I am fifteen years old. I'm from the USA, but I live in London. I'm a student at Cambridge High School. I love learning new languages, I speak English, Italian, Spanish and I'm studying Portuguese. I don't like playing sport, I prefer staying at home and read a book. I help my mom in the kitchen during the week and on weekend we usually have our meals outside. I love going out with my parents. My dad hates traveling and my mom loves visiting new places, it is always a fight. When I am home I like listening to music too, my favorite singer is Bon Jovi. If you have any other question you can send me an email to sofiapinto123@cambridge.org.
