The Rolling Stones Lyrics "Living in A Ghost Town"

*I'm a ghost
Living in a ghost town
I'm a ghost
Living in a ghost town*

*You can look for me
But I can't be
You can search for me
I had to go
Life was so beautiful
Then we all got
Feel like a ghost
Living in a ghost town*

*Once this place was
And the air was full of drumming
The sound of cymbals
Glasses were all smashing
Trumpets were all
Saxophones were blaring
Nobody was caring if it's day or night*

*I'm a ghost
Living in a ghost town
I'm going nowhere
Shut up all alone*

*So much time to lose
Justat my phone*

Every night I am dreaming
That you'll come andin my bed
Please let this be over
Not stuck in a worldend

Preachers were all preaching
Charities
Politicians dealing
Thieves were happy
Widows were all weeping
There's no beds for us to
Always had the feeling
It will all come down

I'm a ghost
Living in a ghost town
You can look for me
But I can't be found

We're all living in a ghost town
Living in a ghost town
We were so beautiful
I was your man about town
Living in this ghost town
Ain't having any fun
If I want a party
It's a party of one
