

5TH GRADE - SCIENCE

SAFETY AND FIRST AID

INTERACTIVE WORKSHEET 01

Look at the pictures given alongside and write 'yes' the correct answer, 'no' for the wrong answer.

I. What should you do while lighting firecrackers?

1. You should light the firecrackers on your own.
2. You should wear only synthetic clothes while lighting crackers.
3. You should light the firecrackers only in the presence of an adult.

II. How do you cross the road?

1. Before crossing, first look to your right, then to your left and make sure that all the vehicles have stopped. Then cross the road.

2. Always run while crossing the road so that you can reach the other end fast.

3. As soon as you find a zebra crossing, run towards the other for the signal.
