

# Degree Of Comparison

નીચે આપેલ ચિત્રમાં **Short, Shorter, Shortest** યોગ્ય સ્થાને લખો

The worksheet is divided into three rows, each with a horizontal line representing the ground. To the left of each row are three boxes labeled 'Short', 'Shorter', and 'Shortest' from top to bottom. The trees are placed on the line as follows:

- Row 1:** Three trees of different heights. The tallest tree is on the right, the shortest is in the middle, and the medium height is on the left.
- Row 2:** Three trees of different heights. The tallest tree is in the middle, the shortest is on the left, and the medium height is on the right.
- Row 3:** Three trees of different heights. The tallest tree is on the left, the shortest is on the right, and the medium height is in the middle.
