

# Everybody Knows

## The Chicks (Dixie Chicks)

### 1. Complete with the missing words:

smile – hide – behind – colors – tell – know

\_\_\_\_\_ me now if you came sneaking up behind  
Would you \_\_\_\_\_ me and see behind the \_\_\_\_\_  
I can change like \_\_\_\_\_ on a wall  
Hoping no one else will find what lies beneath it all  
I think I \_\_\_\_\_ it all so well

### 2. Match the parts in the CHORUS:

1. Stepping out,	(   ) knows
2. All the things	(   ) we play this game of life
3. Everybody	(   ) everyone can see my face
4. Standing out	(   ) so you won't forget my name
5. That's the way	(   ) I can't erase from my life
Everybody knows	

### 3. Write the missing words:

\_\_\_\_\_ through the crowd  
I search for \_\_\_\_\_ else  
But every time I turn around  
I run into \_\_\_\_\_  
Here I stand  
Consumed with my surroundings

Just another \_\_\_\_\_  
Of \_\_\_\_\_ looking  
I swore they'd never see me \_\_\_\_\_  
You'll never see me cry

### CHORUS

You say I'll pay the price  
That's the chance that I'll take  
Though you may think I'm telling lies  
But I just call it getting by

CHORUS  
Everybody knows I am just barely getting by
