

## MATEMATIK

A) Arahan: Bilang dan tulis nombor dalam angka.

B) Kira dan tuliskan jawapan yang betul.

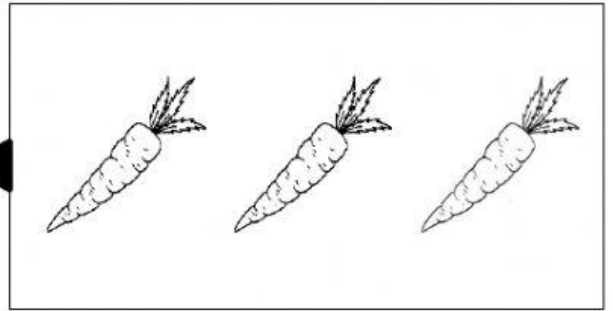

|                                                                                                                                       |                                                                                                                                        |
|---------------------------------------------------------------------------------------------------------------------------------------|----------------------------------------------------------------------------------------------------------------------------------------|
| <br>$\boxed{3} - \boxed{2} = \boxed{1}$              | <br>$\boxed{5} - \boxed{3} = \boxed{\phantom{00}}$   |
| <br>$\boxed{4} - \boxed{2} = \boxed{\phantom{00}}$   | <br>$\boxed{3} - \boxed{1} = \boxed{\phantom{00}}$   |
| <br>$\boxed{5} - \boxed{2} = \boxed{\phantom{00}}$  | <br>$\boxed{4} - \boxed{1} = \boxed{\phantom{00}}$ |
| <br>$\boxed{3} - \boxed{2} = \boxed{\phantom{00}}$ | <br>$\boxed{5} - \boxed{3} = \boxed{\phantom{00}}$ |

C) Arahan: Padankan hasil tolak dengan kumpulan objek yang betul.

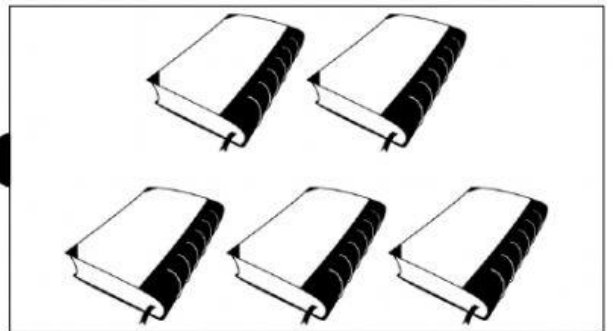

1.

$$10 - 8$$

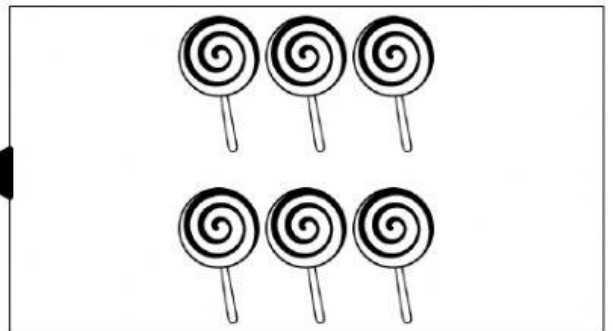

2.

$$8 - 2$$

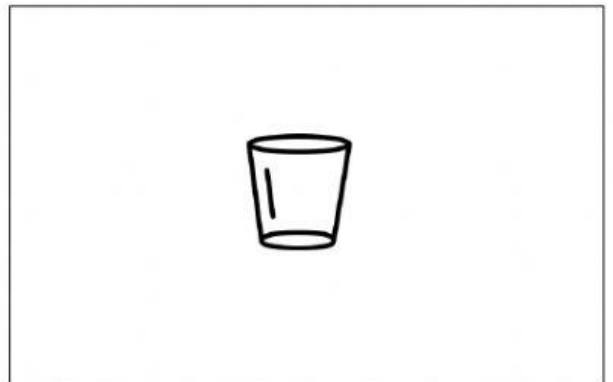

3.

$$9 - 4$$

4.

$$6 - 3$$

5.

$$3 - 2$$
