The diagram illustrates the formation of syllables by combining the letter 'N' with five different vowels. On the left, a blue-outlined letter 'N' is enclosed in a rounded square. Five arrows originate from the right side of this 'N' and point to five rows. Each row contains a red-outlined vowel (A, E, I, O, and U) also in a rounded square. To the right of each vowel is an empty rounded rectangle, intended for the student to write the resulting syllable.
