The Daily Lives of Animals

People and animals usually live in different ways. They eat, sleep, and take care of babies differently.

The koala lives in Australia. It only eats eucalyptus tree leaves at night. The koala sleeps in the morning, afternoon, and evening. It sleeps more than fifteen hours a day! It has a small baby that grows in its mother's pouch.

The great white shark lives in oceans all over the world. The great white shark never stops swimming. It always eats and never sleeps. The mother doesn't take care of its babies. The babies swim away from their hungry mother!

pouch

Koala

Great white shark

Many sharks are small. The smallest shark is the size of a man's hand!

16 Read. Check **T** for *True* and **F** for *False*.

1. The koala sleeps more than fifteen hours a day.
2. The koala eats insects in the evening.
3. A great white shark takes care of her babies.
