

Te recordamos el valor de las regletas Cuisenaire.

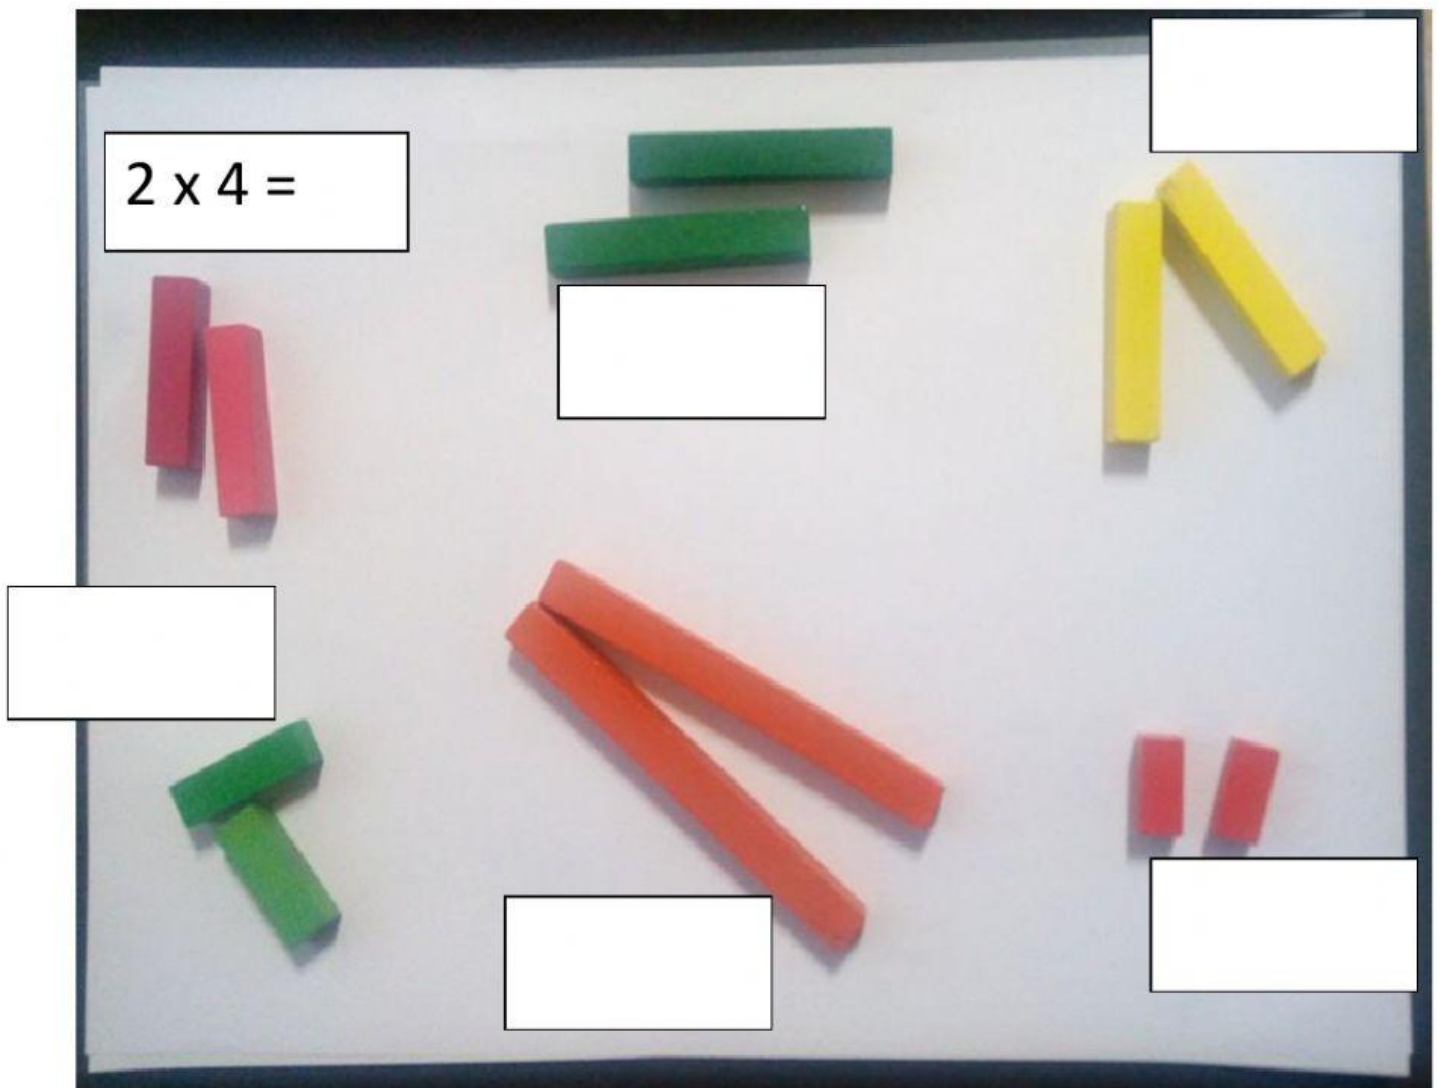

PRIMERAS MULTIPLICACIONES

Mira este vídeo en el que te explico cómo empezar a multiplicar.

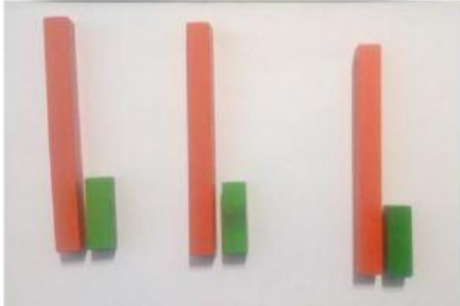

Ahora resuelve estas sumas dobles.

The worksheet contains several multiplication problems, each with a corresponding number of base ten blocks. The problems are arranged in a grid-like fashion. The first problem is $2 \times 4 =$ with two pink blocks. The second problem is $2 \times 2 =$ with two green blocks. The third problem is $2 \times 3 =$ with two yellow blocks. The fourth problem is $3 \times 2 =$ with three orange blocks. The fifth problem is $2 \times 1 =$ with two green blocks. The sixth problem is $1 \times 2 =$ with one red block. The seventh problem is $2 \times 2 =$ with two red blocks. Each problem has a box next to it for the answer.

Problem	Blocks	Answer
$2 \times 4 =$	Two pink blocks	
$2 \times 2 =$	Two green blocks	
$2 \times 3 =$	Two yellow blocks	
$3 \times 2 =$	Three orange blocks	
$2 \times 1 =$	Two green blocks	
$1 \times 2 =$	One red block	
$2 \times 2 =$	Two red blocks	

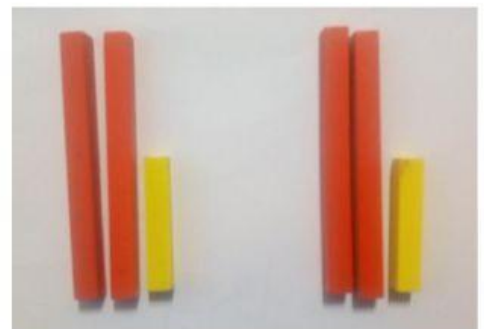

Ahora invéntate una situación y resuelve con el método de los vestidos.

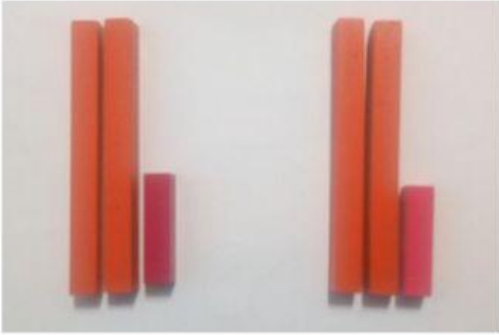

Escribe aquí tu problema:

Resuélvelo en una hoja y escribe aquí el resultado:
