Reading comprehension

3. Read and write Sam, May or Lily.

Sam: I live in London, but every Friday afternoon I take the train to Oxford. My grandmother lives there and I always stay with her at the weekend. It takes about an hour to get there so I usually play games on my video games console or listen to music on my MP3 player. In summer, I go punting on the river Cherwell. It's like canoeing, but you stand up on the boat and use a long stick. I go with my friends and it's fun!

May: I'm from Australia and my hometown is Brisbane, about 900 km away from Sydney. When I haven't got school and the weather is good, I always take my surfboard and go to the beach. My brother has got a car and he surfs too, so we usually go together. When it's winter, I wear a special suit. I've got a camera I can use in the water and I put it on my surfboard. It takes amazing videos! My best friend lives in Sydney. She often visits me in summer.

Lily: My dad teaches maths at Oxford University so we live here now, but I'm from London. He works a lot, but at the weekend in the summer we usually go cycling together. Everybody has got a bicycle in Oxford! I always watch the boats racing in summer and I'm so happy when the Oxford team wins! I've got family in Australia, but we never visit them. It's too far away! We go to the mountains in France in winter and I usually ski and snowboard all day.

1. _____ doesn't travel to visit family.
2. _____ does different sports in summer and winter.
3. _____ uses a gadget when he's/she's on public transport.
4. _____ uses a gadget when he's/she's doing sport.
5. _____ does a sport in the snow.
6. _____ doesn't do sport with a family member.
