Get Smart! Eating on the go

We know a daily diet of fast food can be bad for us. But fast food is quick and easy, and when we're on the go, it's sometimes a necessary choice. So here are some tips for fast-food fans:

- **Choose the chicken.** Have chicken rather than red meat. When in doubt, order the grilled chicken – not the fried.
- **Go light on the sauce.** Mayo, salad dressing, and other sauces are loaded with calories. Cut down on them, or cut them out altogether!
- **Fill up on veggies.** Ask for tomato, lettuce, onion, or other veggies on your sandwich. These low-calorie choices can help you avoid fries and other high-calorie options.
- **Go for the regular size,** not the extra-large. Super-size portions can super-size YOU.
- **Skip the sides entirely.** Eating a burger by itself is often enough. If you need a side order of something, consider a fruit cup or a side salad, instead of those fatty, salty french fries. Most fast-food restaurants offer those healthy options now.
- **Finally, treat yourself.** When you just have to have something sweet, opt for some delicious low-fat frozen yogurt or fruit ices rather than ices cream or cookies. You won't miss the calories a bit!

16. Why do people eat fast food?
    - **A.** Because it is very cheap.
    - **B.** Because it is quick and easy.
    - **C.** Because it is healthy.
17. What's unhealthy about sauces?
    - **A.** Sauces are loaded with calories.
    - **B.** Sauces are delicious.
    - **C.** Sauces are loaded with vitamins.
18. What's unhealthy about french fries?
    - **A.** French fries are fatty and salty.
    - **B.** French fries are delicious and cheap.
    - **C.** French fries are cheaper than salads.
19. What's healthy about tomato, lettuce, onion, and other veggies?
    - **A.** They are a good source of proteins.
    - **B.** They are a good source of calcium.
    - **C.** They have low-calorie and help you avoid fries.
20. If you are having chicken, you should choose _____.
    - **A.** Fried chicken.
