

MULTIPLICAMOS

Completa siguiendo el ejemplo

$$3 + 3 = 6$$

2 botes con 3 caramelos

$$2 \times 3 = 6$$

$$\underline{\quad} + \underline{\quad} + \underline{\quad} = \underline{\quad}$$

___ botes con ___ caramelos

$$\underline{\quad} \times \underline{\quad} = \underline{\quad}$$

$$\underline{\quad} + \underline{\quad} + \underline{\quad} + \underline{\quad} = \underline{\quad}$$

___ botes con ___ caramelos

$$\underline{\quad} \times \underline{\quad} = \underline{\quad}$$

$$\underline{\quad} + \underline{\quad} + \underline{\quad} + \underline{\quad} + \underline{\quad} + \underline{\quad} = \underline{\quad}$$

___ botes con ___ caramelos

$$\underline{\quad} \times \underline{\quad} = \underline{\quad}$$

MULTIPLICAMOS

Completa siguiendo el ejemplo

$$\underline{\quad} + \underline{\quad} + \underline{\quad} = \underline{\quad}$$

__ botes con __ caramelos

$$\underline{\quad} \times \underline{\quad} = \underline{\quad}$$

$$\underline{\quad} + \underline{\quad} + \underline{\quad} + \underline{\quad} = \underline{\quad}$$

__ botes con __ caramelos

$$\underline{\quad} \times \underline{\quad} = \underline{\quad}$$

$$\begin{array}{ccccccc} \underline{\quad} & + & \underline{\quad} & + & \underline{\quad} & + & \underline{\quad} & + & \underline{\quad} & + & \underline{\quad} \\ & & \underline{\quad} & + & \underline{\quad} & + & \underline{\quad} & + & \underline{\quad} & + & \underline{\quad} \end{array} = \underline{\quad}$$

__ botes con __ caramelos

$$\underline{\quad} \times \underline{\quad} = \underline{\quad}$$

$$\underline{\quad} + \underline{\quad} + \underline{\quad} + \underline{\quad} + \underline{\quad} + \underline{\quad} + \underline{\quad} + \underline{\quad} = \underline{\quad}$$

__ botes con __ caramelos

$$\underline{\quad} \times \underline{\quad} = \underline{\quad}$$
