- 8 You need to consult your doctor before starting the training programme.
What you need to do

6 Complete the gaps in the email, which contains relative clauses, participle clauses and cleft sentences. Use only one word for each gap or put a dash (-) if a word is not necessary.

Hi Laura,

How did your exams go? My last one was Friday.

¹ doing twelve exams in two weeks, I was so tired! They all went OK apart from French. ² my weakest subject, it was the hardest for me. It ³ the oral part of the exam that was the most difficult. Anyway, it's the holidays now and we can relax! So did you do anything to celebrate the end of your exams? A guy in my class ⁴ parents own a café organised a party there. It was really cool. You know my friend Ella? Well, her brother, ⁵ is a professional DJ, did the music and it was awesome! I danced so much – well at least until I hurt my ankle. ⁶ happened was that I slipped on some water and twisted my ankle. ⁷ hurt it quite badly, I had to sit and watch for the last few songs, which was really annoying! I'm fine now though. I'll post some photos ⁸ I took on the night – there are some really funny ones!

Bye for now.

Carla x
