PENGUINS

Name: _____

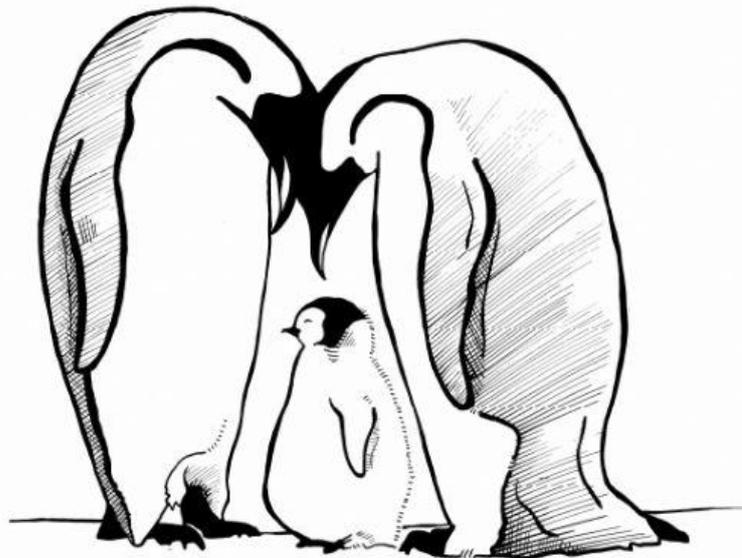

THE EMPEROR PENGUIN

Penguins are birds. They are black and white. They are birds but they can't fly. Penguins eat seafood. They like living in groups. They live in colonies. They live on land but they can stay in the water, too. Penguins are underwater most of the time.

The body of the penguins is very special. Their body is like a torpedo. They can swim very fast. They are excellent swimmers.

The Emperor penguin is the biggest of all penguins. They can be 115 centimetres tall. They live in the Antarctic. They love cold weather. They don't like hot weather.

Penguins are amazing animals !
