Hi Maggie,

I'm in England at last! I'm visiting my cousin Paul. He lives in a small town near Brighton. It is a really peaceful place. The journey to London (1) **is / was / were** very good. The weather (2) **was / be / were** OK and the flight (3) **was / wasn't / isn't** steady. You know I'm afraid of flying. My seat number (4) **is / were /was** 13! I saw two films on the plane. They (5) **was / were / weren't** very funny! The flight attendants (6) **was / wasn't /weren't** very friendly but there (7) **is / was / wasn't** an interesting boy sitting next to me. He was from Milano. He (8) **weren't / is / was** very talkative. So the journey was not boring at all.

What about your day yesterday? (9) **Are / Were / Was** you at home? (10) **Was / Is / Were** your parents with you?

I'm in the guest room at Paul's. I'm really exhausted now. I feel like relaxing and watching TV. I'm going to send another email tomorrow morning.

Love,
Leila
