Reading Comprehension

I.- READ.

My Dad's omelets

My name is Rita Davis and I love omelets. I can eat them for breakfast, lunch and dinner. But I don't usually eat omelets on weekdays. I have a big omelet on Saturdays. Every Saturday, my dad makes omelets for lunch. My sister, Christina, and I love his omelets. They're delicious! My favorite omelet has a lot of tomatoes in it. It also has some peppers, mushrooms and cheese. I call it *Tomatino*. Christina doesn't like it. She hates tomatoes, but I love them! Her favorite omelet has a lot of cheese, peppers, onions and some sausages. It has some milk, too. She calls it *Cheesy*! My dad likes fruit omelets. His favorite is called *Fruit Blast*. It has bananas, apples, strawberries and some cherries. I think it's strange, but he's crazy about it!

II.- ANSWER THE QUESTIONS.
