

4. Nesya sets up an experiment in Figure 1. She waters Plant A everyday for one week but **not** Plant B.

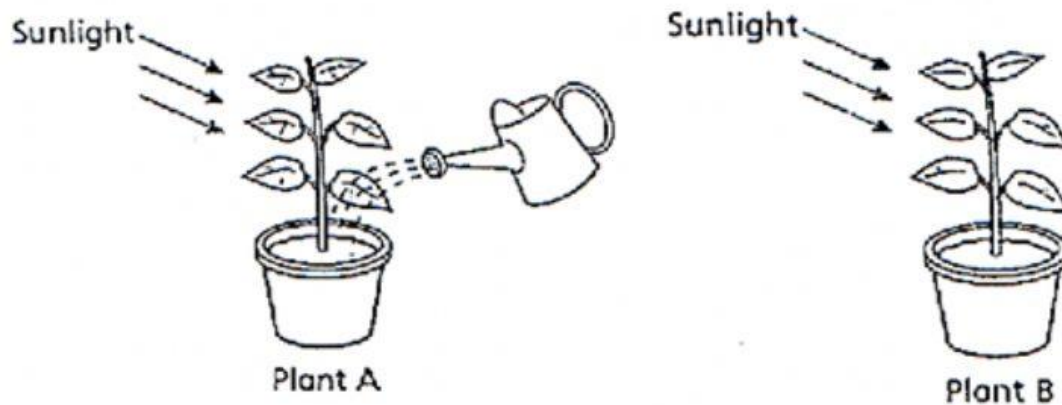

Figure 1

- a) What is Nesya trying to find out from this experiment?

She wants to know if Plants need water to stay alive.

Plants need food to be beautiful

[1 mark]

- b) Which plant do you think will grow well after one week?

Plant A

Plant B

[1 mark]

- c) In the box below, draw how Plant B will look like after one week.
