

Read the story about "Farmer Poppy" and complete with the present simple tense.

FaRmEr PoPpY

Hello guys, I a the farmer Poppy and I a usually very happy, but today I a sad. It i the wedding of my brother, he l like a model with those shoes and leather belt. and I just h a hat, a shirt and an overall, not even a sack.

I h in mind going to a clothing store in the city, but I k that it just h no formal clothes, only sunglasses, shorts and t-shirts, and unluckily, I d not k where my watch is.

I a desperate, I d not w to miss the wedding, I n a suit or a tuxedo.

On second thought, I c dress in an elegant sporty style. I h white sneakers in my closet, and a jean on the clothesline. That's a great idea! I just n a tie; I t I h one in the basket. See you guys, a wedding a me.
