

Be Aware, Take Care!

Najmee is talking about safety features found around Sekolah Kebangsaan Tunas Cipta. Read the descriptions and drag the safety features pictures in the circle below correctly.

It is found near school. It warns motorists that there may be pedestrians crossing or waiting to cross the road. It also tells motorists that they must give way to pedestrians to cross the road.

This traffic symbol is used in order to avoid noises in the public zone so as to keep the measures of road safety. Mostly school or hospital areas are no honking zones.

It is found in busy areas. It is built for pedestrians to cross safely from one side of a busy road to the other.

It is located at road intersections. When the light turns red, all motorists must stop. A traffic light helps pedestrians to cross the road safely.

The sign gives motorists advance warning of an upcoming school so they can slow down and know to watch for children crossing.

He stops traffic by holding the 'stop' sign. He makes sure school children cross the road safely.

It is found outside school areas. It prevents drivers from exceeding the speed limit of 30 kilometres per hour.
