WOKING LIKE A SCIENTIST

OBSERVING THINGS AT HOME

Complete this task at :

CIE SCIENCE GRADE 2

LIVEWORKSHEETS

UNIT 1.1 ALIVE OR NOT ALIVE OR WAS ONCE ALIVE

Find the following things at home and observe using the seven rules to see if these things are alive. Write "yes" or "no" in the box that corresponds to your answer.

Important: Be careful not to touch or come close to plants, animals or things that may cause you allergies or irritation. Parental guidance is advised.

Things	It is alive if it ...							Is it alive, not alive or once was alive?
	moves?	grows?	senses the world around?	needs water and food?	reproduces? (can have young)	needs air?	makes waste?	
example doll	no	no	no	no	no	no	no	not alive
a tree in the yard								
a piece of wood								
a dry leaf								
a spoon								
an animal
