1. The old, ugly iron fence looks \_\_\_\_\_ and \_\_\_\_\_ after being painting.
2. A layer of \_\_\_\_\_ can be applied on a saw blade when it is not in use to prevent the metal part from being exposed to \_\_\_\_\_ and \_\_\_\_\_ .
3. Iron objects can be \_\_\_\_\_ with non-rusty materials such as \_\_\_\_\_ and \_\_\_\_\_ to prevent rusting.
4. \_\_\_\_\_ objects are not safe to use and can \_\_\_\_\_ users.
5. Rusting should be prevented so that iron objects are more \_\_\_\_\_. Which in turn can save \_\_\_\_\_ as they do not need to be replaced regularly.
