Write these sentences from the interview in Reported Speech or the other way round.

1-The New Zealand nurse credited with helping to save his life has said that: "Boris Johnson was just "another patient we were trying to do our best for,"

The New Zealand nurse credited with helping to save his life has said that

Jenny McGee was praised by the PM for standing by his bedside "when things could have gone either way" while he was in intensive care with coronavirus.

The PM praised Jenny saying, “

2-She said she hadn't expected him to mention her, saying it was a "shock".(change saying to “and she added”)

She said,”

3-She insisted Mr Johnson had received no special treatment and "absolutely needed" to be in intensive care.

She said,”

4-Meanwhile, Luis Pitarma, the other nurse specifically thanked by the PM, said it felt "quite strange" looking after Mr Johnson, as he had never cared for someone so high profile before.

Meanwhile, Luis Pitarma, the other nurse specifically thanked by the PM, said ,”

5.Speaking to Television New Zealand (TVNZ), Ms McGee said she was not "fazed" by treating the prime minister, adding it was "just another day at the office".

Speaking to Television New Zealand (TVNZ), Ms McGee said,”

6. She said "As a unit he was just another patient we were trying to do our best for,"

She said that

7. "We take it very seriously who comes into intensive care, these patients who come into us, it's a very scary thing for them so we don't take it lightly."

She added that

8- She said the pair "chatted away" and that Mr Johnson was "interested in where I came from and what my story was".

She said ;" We both

9- -Luis Pitarma told Mr Johnson that he had been inspired by Florence Nightingale

Luis Pitarma told Mr Johnson,"

10- Ms McGee, who has worked in intensive care for 10 years, said it was "heartbreaking" to watch some patients pass away without their families, calling it the "saddest part" of her job.

Ms McGee, who has worked in intensive care for 10 years, said

She said nurses are glad to offer some comfort to these patients by "holding their hand", when the virus makes it "unsafe" for some loved ones to visit. Nurses also have to keep a "cool head" in stressful situations and prioritise getting patients "through the night", she added. After being singled out by Mr Johnson in a video thanking NHS staff, Ms McGee, from Invercargill on the South Island, became known globally as "Jenny from New Zealand".
