NAME: YEAR 4 MODULE 7: HELPING OUT

Based On Get's Smart 4 Plus Student's Book Page 75

1 What do you know about recycling? Listen and read.

Help the Earth - Recycle!

Science

Recycling is using something you don't need any more to make something new. This helps the Earth because we don't make so much rubbish.

We can't recycle everything, but we can recycle metal, paper, glass and plastic. For example, we can recycle empty metal cans of soft drinks, boxes and glass bottles. We can use old plastic bottles to make new bottles and also shoes and clothes.

From textbook page 74

Everyone can recycle: just put metal, paper, glass and plastic in the recycling bins, not in the rubbish. So, next time you clean your room, think: What can I recycle?

VALUE Help protect the

LIVEWORKSHEETS

2 **Read again and write T for True or F for False.**

Baca cerita dalam tbuku teks m/s 74 dan tuliskan T (betul) atau F (salah)

1. Recycling is making new things from old things. ☐
