What is an eco-friendly routine?

Hi! My name is **Camila** and I am 16 years old. Let me tell you about my routine. I **wake up** at 7 o'clock every day and I **go to the store** to **buy** a plastic cup of juice and a sandwich. I always **go to the supermarket** at 9 o'clock on weekdays. I usually **forget** to bring bags with me, so I often **use plastic bags** from the store. When I **walk** to the market sometimes there is trash in the street, but I never **pick** it **up** and **throw** it **away**. On Saturday mornings at 11:00, I **play soccer** with friends. I always **buy** a large bottle of water after the game. I never **sort the trash** so it can be recycled. My favourite time of the week is Sunday afternoon, because I always **watch TV** with my family at 3 o'clock.

However, my sister **Muriel** has a different routine. She says that she is eco-friendly. She **wakes up** at 7 o'clock every day and she **makes breakfast** at home. She always **goes to the market** at 10 o'clock on Saturday. She always **remembers** to bring bags with her to the supermarket so she never **needs** to use plastic bags from the store. She never **buys** packaged goods or plastic bottles. She always **takes recycled bags or glass containers** to buy rice, beans and other products. She usually **sorts the garbage** into plastic, paper and organic. Her favourite time of the week is Sunday mornings, because she **waters the plants** and **listens to music**. Who has an eco-friendly routine?
