What is an eco-friendly routine?

Hi! My name is **Camila** and I am 16 years old. Let me tell you about my routine. I **wake up** at 7 o'clock every day and I **go to the store** to **buy** a plastic cup of juice and a sandwich. I always **go to the supermarket** at 9 o'clock on weekdays. I **usually forget** to bring bags with me, so I **often use plastic bags** from the store. When I **walk** to the market **sometimes** there is trash in the street, but I **never pick it up** and **throw it away**. On Saturday mornings at 11:00, I **play soccer** with friends. I **always buy** a large bottle of water after the game. I **never sort the trash** so it can be recycled. My favourite time of the week is Sunday afternoon, because I **always watch TV** with my family at 3 o'clock.

However, my sister **Muriel** has a different routine. She says that she is eco-friendly. She **wakes up** at 7 o'clock every day and she **makes breakfast** at home. She **always goes to the market** at 10 o'clock on Saturday. She **always remembers** to bring bags with her to the supermarket so she **never needs** to use plastic bags from the store. She **never buys** packaged goods or plastic bottles. She **always takes recycled bags or glass containers** to buy rice, beans and other products. She **usually sorts the garbage** into plastic, paper and organic. Her favourite time of the week is Sunday mornings, because she **waters the plants** and **listens to music**. Who has an eco-friendly routine?
