

## LAND OF OPPORTUNITY

### A GREAT BIG WORLD

I'm sailing away, to a Land of Opportunity

The sun will \_\_\_\_\_, and birds will \_\_\_\_\_ there everyday

I'm sailing away, and I hope that you \_\_\_\_\_ me

It was fun, we had our run. Hip hip hooray!

\_\_\_\_ I'm falling in love again

\_\_\_\_ You said 'hello', I loved you so

\_\_\_\_ I want you to know, I had to let go

\_\_\_\_ Just like in a movie scene

I'm running away,

We won't talk for a while,

And I'm changing my name to

It's no one's fault,

we'll be okay

I'm just too young, and you're insane

to a place where you won't bother me

a word that's really hard to say

I wasted my time, I *missed/skipped* all the signs

And it *saved/ruined* my holiday

I want you to know, I *ought/had* to let go

I'm falling *in/out of* love again

I just gotta believe there's something better

I just gotta believe there's something more than you and me

I've just gotta believe, I've just gotta believe

You said 'hello', I \_\_\_\_\_ you so

I felt like a \_\_\_\_\_ again

I want you to \_\_\_\_\_, I had to let go

I'm falling in \_\_\_\_\_ again
