

MAKE OR DO?

MY LIFE

My name is Jay, every day, after I wake up, I make my bed and then I have a shower while my mom makes my breakfast. I eat my breakfast very fast because I have to go to class.

Every night, the teacher makes exercises for us to practice English and we do the exercises in class to be prepared when we do the exam.

In the afternoon, I do my homework while my mom makes our lunch and then we eat together. A little later, I do exercise and then, a bit later, I make a sandwich and eat it. Sometimes I have to do the dishes and other days I have to do the house work and do the laundry.

Sometimes, at weekends, my dad and I make a cake, but before, we have to make a list and do the shopping. At night, on Saturdays I do yoga.

Both my parents made a business and work because they want to make sure we make money so we can buy everything we need. They sell cars all over the world. Many people do business with them. I want to do the work they do one day, so every year I make the promise to do good in school and life, but I have to make a confession: sometimes I do bad but I don't make excuses for myself because I want to do my best.

Can I make a suggestion? Even if you make mistakes, just be sure to try again and don't stop making plans and always try to make good decisions. Work hard and make no exceptions and you will see that you make a progress.
