Geography and landscape

1.49

Look at the information about seven places.
Listen and repeat the words in blue.

WHAT ARE THE SEVEN NATURAL WONDERS OF THE WORLD?

THESE ARE THE PLACES OUR READERS CHOSE!

1 THE GRAND CANYON, USA

This **canyon** in the middle of a **desert** is nearly 2 km deep! You can go rafting down the Colorado **River** at the bottom of the **valley**.

2 THE GREAT BARRIER REEF, AUSTRALIA

In the Pacific **Ocean**, near the **coast** of Queensland, this coral **reef** has over 1,500 different kinds of fish!

3 THE AMAZON RAINFOREST, ECUADOR

The world's biggest **forest** is full of plants and animals, which are disappearing as people cut trees down.

4 THE DEAD SEA, JORDAN

This is a **lake** of salty water which you can float in. On the **beach**, there is a special kind of mud which people put on their bodies!

5 THE NIAGARA FALLS, CANADA

At Niagara there are three different **waterfalls**. About 5 million litres of water go through them every second!

6 TABLE MOUNTAIN, SOUTH AFRICA

This **mountain**, which is flat on top, has steep **cliffs** you can climb, and all kinds of wildlife.

7 THE BLUE CAVE, GREECE

Inside this **cave** on the Greek **island** of Kastelorizo the water is a beautiful deep blue.

Now, type the words in blue into the correct group; LAND or WATER

LAND

WATER
