A Trip to Philadelphia

Ralph was excited that school was almost finished. He had fun in school this year. He helped create the school yearbook. His hobby was taking photos, so he got to do photography for the yearbook. He had a blast creating the graphics for the yearbook. But now the yearbook was published and Ralph was ready to go on school vacation. He was so excited. He was finally getting to ride on a plane by himself. What was even better was that he was getting to go visit his Uncle Philip in Philadelphia. Uncle Phil knew how to have fun. He loved to play baseball and last time he visited he took Ralph to a Philly's game. As they were watching the game a fly ball came right into the stands and Uncle Phil caught it. Ralph shouted in triumph. Instead of keeping it for himself Uncle Phil gave it to Ralph. He said, "You are my favorite nephew. Ralph giggled, and said, "I am your only nephew." Uncle Phil just grinned. After the game, Uncle Phil helped him to get the ball autographed. When he took it home, he put it next to his baseball trophy. Ralph was excited to see what would happen this year.
