WORKSHEET -2021-22

Transitive verbs

Transitive verbs are verbs that require one or more objects.

Examples:

- She cut the *cake*.
- They climbed *the mountain*.
- He gave *her a flower*.

The verbs *cut*, *climbed*, and *gave* have objects.

Transitive verbs	Objects
cut	<i>the cake</i>
climbed	<i>the mountain</i>
gave	<i>her and a flower</i>

Intransitive verbs

By contrast, **intransitive verbs** do not require an object.

Examples:

- They run.
- He died.
- She slept.
- It snows.

The verbs *run*, *died*, *slept* and *snows* have no objects. They are intransitive.

To know if the verb in a sentence is transitive, you need to see if the verb has an object in the sentence. To do that, ask *What* the subject did with the verb. For example:

- *She opened the door.* > She opened *what?* = *the door*. 'The door' is an object, so we know the verb is used transitively.
- *The manager will close the store early.* > The manager will close *what?* = *the store*. This means the verb is transitive.
- *The children sat.* > The children sat *what?* = ?? This question doesn't make sense. You cannot *sit* something because *sit* is only an *intransitive* verb.
